

Safe and Accessible

Simple, durable and versatile Tactile Ground Surface Indicators

Making your building and its surroundings safe and accessible for the visually impaired requires the use of high quality and durable Tactile Ground Surface Indicators (TGSI). The new Birrus Tactile range can provide a cost-effective solution to make your building compliant with Australian Public Access Standards.

BIRRUS TACTILES SIMPLICITY

Birrus Tactiles are a retro-fit system with no need for trenching out the area or any saw cutting. No special tools are required and a DIY install kit is provided.

Simply peel and stick using the high-grade SUPER STICK butyl backing for a fast self-adhesive installation.

BIRRUS TACTILES DURABILITY

Tested for harsh Australian conditions. UV stabilised to ensure the colour remains constant through-out the life of the tile.

Very high resistance to mechanical damage from trolley wheels, blunt-force impact, vehicles and vandalism. Backed by a 5 year warranty against fading, cracking and delamination.

BIRRUS TACTILES VERSATILITY

Available in a range of colours to suit the environment.

Engineered for a range of surfaces including:

- Concrete (internal/external)
- Ceramic/Terracotta/Terazzo Tiles
- Asphalt/Bitumen
- Timber Decking & Floors (internal/external)
- Carpet/Lino
- Checker Plate/metal

No on-tile manufacturer's logo to detract from the design appearance of the space.

New from Birrus

TACTILE GROUND SURFACE INDICATORS

Birrus Tactile Ground Surface Indicators (TGSIs)

Birrus Tactiles are proudly made in Australia and engineered from highest-grade polyurethane. We can offer you the best standard in durability and the versatility you need for your location. In addition, our tiles are designed with simple installation in mind and require no special tools or site preparations.

Our Tactiles meet Australian Standard AS/NZS 1428.4.1:2009 and have a CSIRO slip-resistance rating of R11, so you know that they will comply with your safety requirements.

About Birrus

For over 60 years, Birrus has been trusted by Architects and Builders in Australia for products that are both beautiful and durable. We have maintained our market leadership by moving with the times, using the latest materials and design innovations to remain your first choice. All of our matting systems are manufactured in Australia using high-grade materials and are backed by extensive warranties. As a company, Birrus has also implemented a number of measures to minimise our carbon footprint, initiated recycling procedures and gained environmental accreditation.
